## NEW EDITION... THE TIMES GOOD UNIVERSITY GUIDE 2018

This is the definitive guide for those who are applying to start courses in 2018. Essential guide to British universities that gives all the information needed to make the crucial decisions on what to study, where to study, and how much it might cost. Its university and subject league tables are the most respected and studied in Britain. Covers:

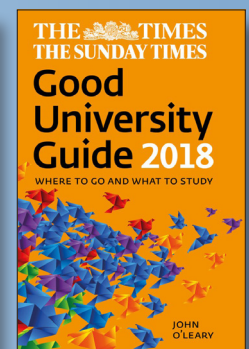

- How to select the right course and university, including advice on employment prospects.
- Universities compared in a league table and university performance assessed in 66 subject tables. New subjects for this year are Animal Sciences and Creative Writing.
- Clear guidance on the application process.
- Comprehensive overview of tuition fees, fee waivers, bursaries, grants and loans and advice on living costs.
- Extensive profiles of over 130 universities
- Detailed information on finding somewhere to live and on university sports facilities.
- Advice for those considering studying overseas and those wishing to come to Britain to study.
- Detailed finance section

HEAP 2018**

Fully revised and updated with new courses and admissions policies for 2018 entry, this is the only independent reference book listing the target offers and admissions details for degree subjects at all universities and colleges, offering a rich resource on every aspect of the application process, including:

- How to research and select the right degree subject for you
- Full details on all degree courses - including entry requirements, number of applicants per place and graduate destinations.
- Successfully navigating the UCAS application process and key deadlines not to miss

**Published: MAY 2017**

**NEW EDITION:  
WHAT DO GRADUATES DO?**

This popular resource is a review of what last year's first degree graduates were doing six months after graduation. Find out about the destinations of graduates from 28 subjects covering, science, engineering and building management, mathematics, IT and computing, social sciences, arts, creative arts and humanities and business and administrative studies. Articles include, 'Employment review', 'Graduates in further study' and 'Understanding graduate employability'.
